Ms. Blackburn

Thank you for the information. This is a start at being able to monitor this process in terms of attendance at quarterly SIP meetings. Establishing communication procedures and a monitoring process is key to increasing engagement.

Would it be possible to get a breakdown by region/school as well as the total number of current SAF chairs? Based on an assumption of 200 SAF chairs we would still be looking at a SAF chair participation rate of 15% . . . perhaps your office could work with the area advisories to ensure there are email addresses for all SAF chairs, and follow up with schools that have no SAF chairs listed?

Thanks again!
